GITHUB
t2t2

LINKEDIN
/in/t2t2

Web developer with interest in user facing interfaces, real-time web apps and live streamable experiences. But also not afraid to mess with browsers on DOM API level.

Employment (& cool things made there)

Education

BSc University Of Tartu, Estonia
Information Technology 2011 - 2014

Stack most ♥ right now

as of Oct 2019

- Feathers.js (real-time sites)
- Laravel (sites w/ REST backend)
- Bolt CMS (sites w/ CMS)
- Vue.js (SPA)
- Bulma (lazy at styling)
- Tailwind.css (heavy styling)
- Webpack
- Babel

Some interest in

- React
- Typescript
- Gridsome

Used, is alright

- Bootstrap
- Processwire

Have used but...

- Angular.js
- Wordpress

Human languages

- Estonian (native)
- English (highly proficient)
